

Hope4Ohio

An online database for opioid addicts to view and get rapid clinical care.

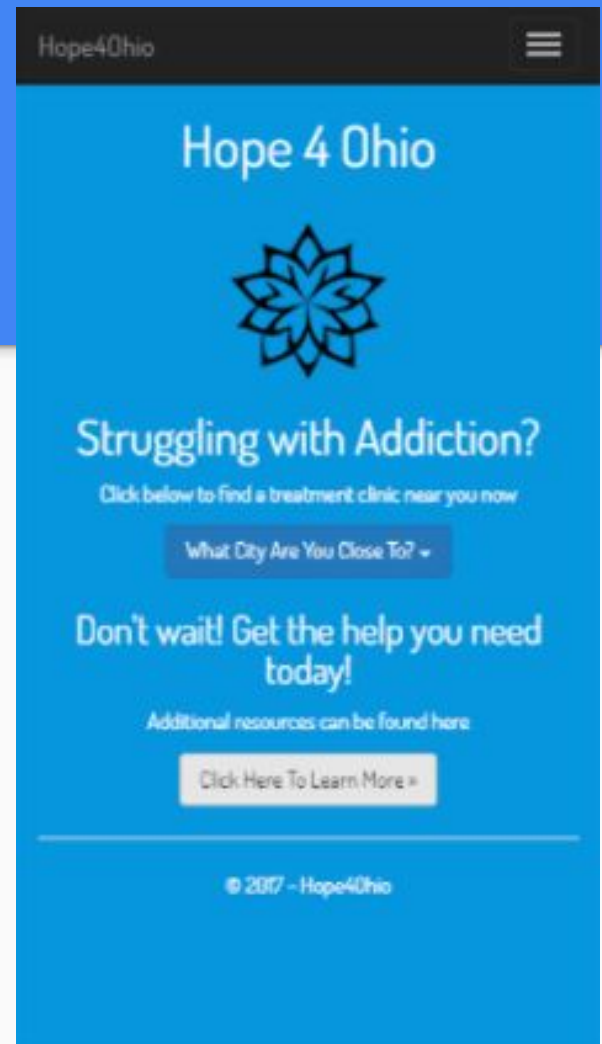

86.3% of drug overdose deaths in Ohio were from opioids. (2016)

Developed by Greg Moten, Jaime Meeker, and Sara Al-Nimer

A decorative light blue triangle is located in the bottom right corner of the slide.

Main Screen

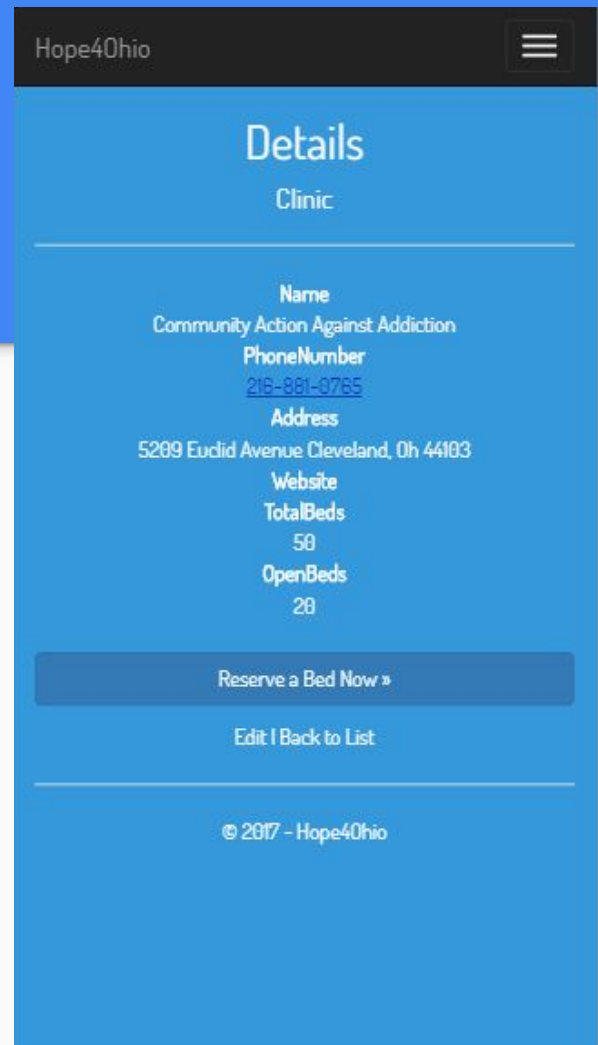

To accurately display information regarding
Nearby clinics, users will search by city to find
Care and help centers most practical to their
Location.

Detailed Summary of Available Care

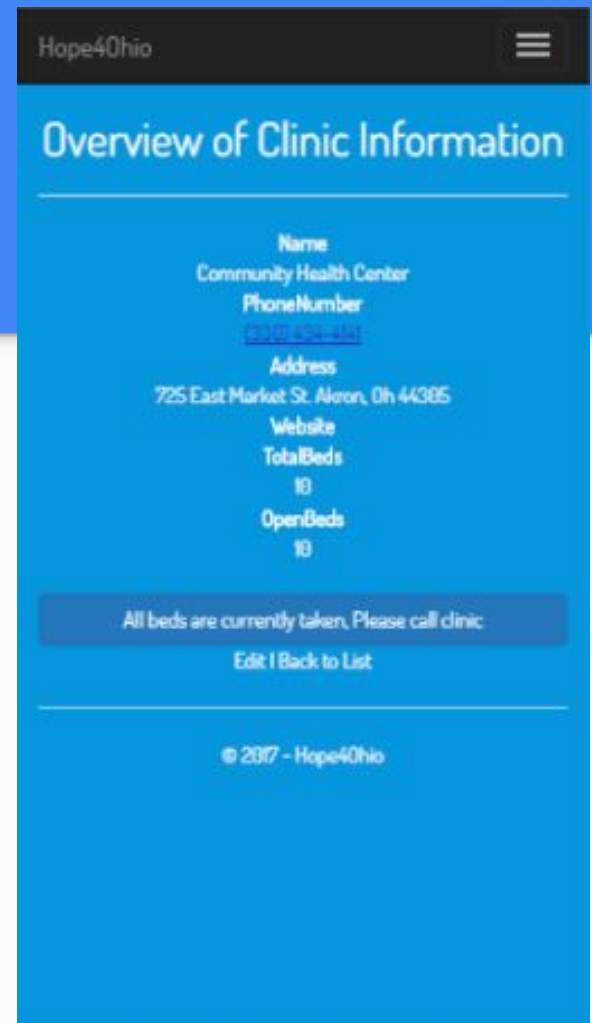

Once a nearby clinic or help center is located, the User will be displayed a simple, straight-forward, And easy to comprehend page of information That is necessary when looking for help.

Future Patients may feel the need to use the “Reserve a Bed Now” function connected to the help center.

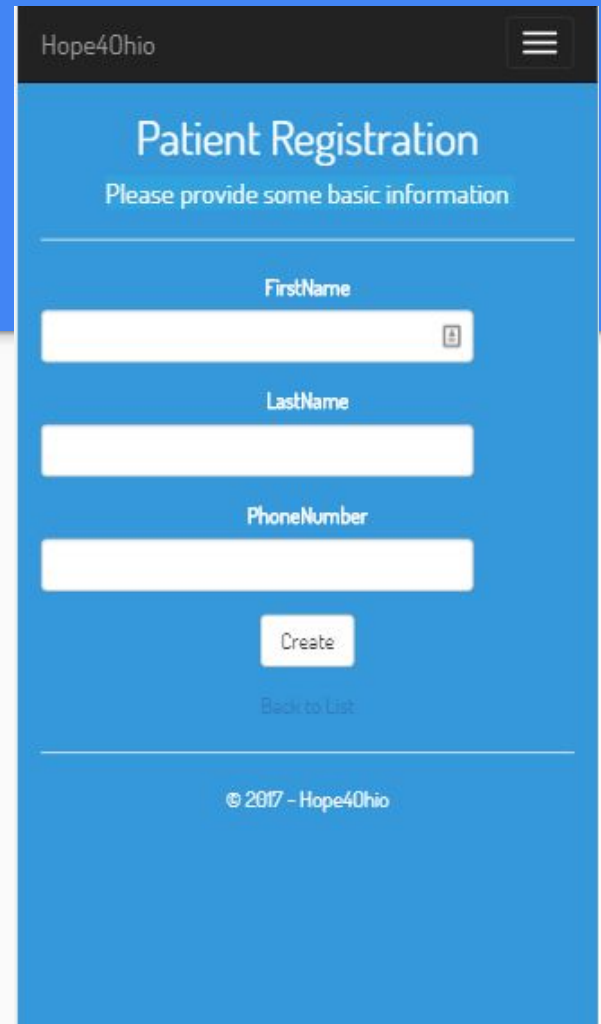

Extra Information Regarding Bed Space, and further detail

If someone-in-need attempts to reserve a bed,
There will be immediate information with whether
Space is available. If not, it is encouraged to contact
The clinic independently. The phone number being
Included as well.

Patient Registration

To help people in need, users of Hope4Ohio can Register. This provides very basic information For checking out a place at clinics so those in need Can receive the help they need as efficiently as Possible.

The screenshot shows a mobile application interface for 'Patient Registration'. At the top, a black header bar contains the text 'Hope4Ohio' on the left and a hamburger menu icon on the right. Below the header, the title 'Patient Registration' is displayed in white, followed by the instruction 'Please provide some basic information' in a smaller white font. The form itself is set against a blue background and contains three white input fields. The first field is labeled 'FirstName' and includes a small 'iD' icon on its right side. The second field is labeled 'LastName'. The third field is labeled 'PhoneNumber'. Below these fields is a white 'Create' button. Underneath the button is a blue link that says 'Back to List'. At the bottom of the form, a thin white horizontal line separates the content from the footer, which displays the copyright notice '© 2017 - Hope4Ohio'.
